

Welcom to the side from

IONIEN-DIVE & SAIL

With our web appearance we would like to focus your attentione to the summer activities of Watersport.

Summer activities from may till october 2007

**From may till october we are sailings in the sea (Ionian sea/GR) with our own motor-sailing boat. The Regions between the island Korfu, Paxos, Lefkas, Meganision, Kastos, Kalamos, Kefalonian, Ittakha, Zakyntos and the Mainland are fantastic!
And not to forget the "Ambraktiko-Golf", that leads you from Preveza into the inland.**

The motorsailing boot "Batavia" taks only 4 people so everybody has enough room to relax.

It´s possible to take outings with a raft boat to habours or bays to swim.

For family bookings with children we naturally take shorter trips so the children have time to play and swim in the local bays.
